

# When a SICO Mobile Sleeper goes down, your profits go up!

## CHOICES

The SICO Mobile Sleeper allows you to maximise the potential income of each room and realise your capacity needs - simply move a Mobile Sleeper to where the guests are.

SICO's high quality design means you do not need to worry about maintenance because there are no moving parts (except the wheels, of course).

The SICO Mobile Sleeper offers a profitable solution when space is limited.

## Offer your guests the most comfortable extra bed in the market; SICO's Mobile Sleeper.

- Your guests will appreciate the comfort of a SICO Mobile Sleeper, with its thick innersprung mattress that never needs to be folded, along with the added comfort of a 5cm foundation (which you won't find on any roll-away bed that folds). With SICO Mobile Sleepers, you won't have to apologise to guests for the look or comfort of a folding rollaway bed.

- Housekeepers around the world find SICO's Mobile Sleepers easy to transport. The lightweight design allows them to roll quietly through hallways on four castors. The end legs and pivot points also make them easy to lower for use or raise for moving about.

- An adjustable strap with fastener holds a pillow in place during transport and storage. The strap fastens safely out of sight under the bed when the bed is ready for use. The bedding is held to the frame by a separate figure-eight strap, which allows bedding to be tucked in on all sides of the mattress.

- SICO uses fire-retardant fabric on both the foundation and the mattress.

- A durable plastic laminate headboard includes a special edging that ensures durability and sanitation.

- No moving parts means no hinges to catch sheets or pinch fingers. It also helps keep maintenance costs to a minimum.

### SICO Mobility

- Bed is designed so leg becomes a handle in transit.

- Four 8cm swivel castors allow bed to be easily rolled to wherever it is needed.

- Bed conveniently fits through standard height doorways while in the vertical position.

### Standard Mobile Sleeper

Length/Height stored – 195cm

Width – 91cm

Height at headboard (lowered) – 58cm

Weight – 50kg

Shipping volume – 1.028m<sup>3</sup>

Optional protective storage cover available.
