

HOT

The Original[®]

**The Original Dometic coolbox.
The coolest box you can get.**

 **Dometic**

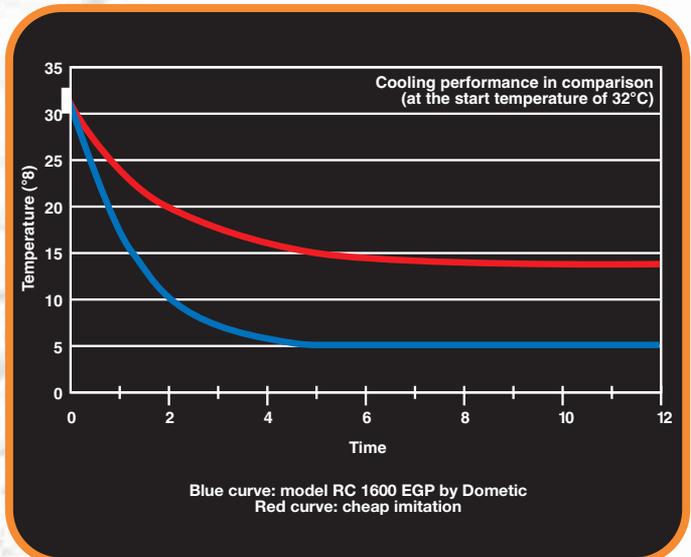

The Sign of Comfort

**When it's hot, you like it cool.
Really cool.**

The original Dometic is the coolest box you can get. Keep your drinks and food delicately fresh where ever you are.

The Original[®]

On **12 Volt, 230 Volt or gas**. Absolute **environmental friendly**, most energy efficient and perfectly silent. Dometic portable refrigerators employ The Original, eco-friendly absorption principle of silent cooling. Thanks to the total absence of a compressor or ventilator, there is not a trace of sound to be heard.

*The Original Dometic is the **only one** which can live up your expectations. Providing you with the best performances, even **ice cubes**, under the toughest conditions. Created by the worldwide market leader and inventor of this unique absorption technology who gives you full product **guaranty** all over Europe.*

Your portable fridge, the hottest item this summer

- created by the inventor and worldwide market leader
- the best performances
- produces ice cubes in a 32°C environment
- works on 12 V, 230 V and gas
- lowest energy use
- all portables environmental friendly
(no CFC's / HCFC's)

Dometic is the largest producer of absorption refrigerators, air-conditioning systems, windows, awnings and other vital convenience products for caravans, recreational vehicles, hotel rooms, hospitals and other industries. Dometic has production facilities in Sweden, Germany, Hungary, Italy, Luxembourg, Mexico, Slovakia, South Africa and the USA. Dometic has own sales and marketing operation in 55 countries and approximately 60 distributors. In year 2002 approximately 3.600 people were employed.

The Original Dometic coolbox. The coolest box you can get.
